OFFICIAL VISITORS GUIDE

# WELCOME TO DOTHAN

Deep in Alabama sits Dothan, the city center for the Wiregrass Area, which encompasses southeast Alabama, panhandle Florida, and southwest Georgia. Named after a grass that once grew wild among the pines, the Wiregrass is now home to a modern city decorated by museums, arts, festivals, sports, and an emerging culinary scene.

We hope that while you are here, you'll discover what makes Dothan special - our people. We asked a few of them to help us explain what is so great about our city. Meet Dothan's Taste Makers, Story Shapers, Cool Creators, and Team Players over the next few pages, and see if you can spot them while you visit Dothan!

# TASTE MAKERS

Taste Makers define the flavor of the Wiregrass and set the tone for culinary excellence. They know how to give your taste buds the gift of down home cooking or a savory cup of fresh, local coffee. They start their days before the sun comes up and they don't rest their eyes until the last customer has been served. Their friendly smiles with a simple "How are you?," will make you feel like family.

**THE GIFT OF DOWN HOME COOKING** ”

## RAFFAELE CLEMENTE

Dante's Pizza

 DantesDothan

 therealdantespizza

Everything began in 1985 when I came to the US and Wiregrass Commons Mall opened. We were in the food court. The name Dante's came from the father of the Italian language. It's not a franchise, it's a family-owned restaurant with all family recipes. Dothan is amazing and keeps growing. I've spent more time here than in my own country. We are here because of Dothan, the city, and the people.

Visitor Musts:

- Dothan Area Botanical Gardens
- The National Peanut Festival
- Visit the fields where we produce peanuts and cotton, a major part of the economy of Dothan

## BRIAN WALKER

Circle City Brewing

 circlecitybrewingco

 circlecitybrewingco

I grew up near here and after working in craft beer for 10 years in New York City, I knew I always wanted to come home. We got in at the forefront of a continuing movement of bringing back food, arts and culture to downtown Dothan. Great people made these towns what they were before we were here. We should all do our part to continue that and pass on history to the next generation. We honor our history through the names of our beers. For example, our black IPA is named Alcazar after what this building was originally, the Alcazar Silent Movie Theater. Everything we have on tap is our own, and we also offer a full spirits menu, pizzas, flatbreads, dips, salads, wings and burgers.

Visitor Musts:

- Walk around downtown
- Porter Hardware Museum

# STORY SHAPERS

Story Shapers hold the heritage of the Wiregrass near and dear to their hearts. They can tell you the history of every mural in town, what each historic building once was, and the importance of preserving what our ancestors set out to accomplish. Story Shapers immerse themselves in education and are always looking for ways to share their story with the masses.

Shute Pecan

ShutePecanCompany

shutepecan

My family opened the business in 1929 and began as a grocery store, but with the beginning of the Depression and bartering, pecans won out. What was Shute Grocery became Shute Pecan. It's cool that generationally we've adapted and made it what it needed to be. Starting with my granddad who changed it, we continue to adapt as the times and things change, so we can still be a part of this community. Because of this, we are a part of Dothan history. 93 years and counting!

Visitor Musts:

- Local southern food like KBC, Firestone Wood Fired Grill, and Sister Soul
- Take pictures of the Peanuts Around Town
- Check out the murals for a fun history lesson

## APLIN BROTHERS

Aplin Farms

AplinFarms

The family has been in the produce business since 1952. My granddaddy started growing tomatoes. As things have evolved, we began to grow other fruit and vegetables. As of now, we grow over 200 varieties of fruits and vegetables here on the farm and 90% of what we grow, we allow you to pick. We focus on being a destination. We had, as of last year, around 40,000 people here on the farm, throughout the year, with 30,000 coming during October for pumpkin season.

Visitor Musts:

- Visit other local farms, like Corn Dodgers in Headland and see what an impact agriculture has on our community

Before closing its doors in 2014, E.R. Porter Hardware was the longest running hardware store in the state of Alabama. The store has been preserved just as it was when they closed business on that day, and stands as a living museum for “the way things used to be.” The story goes that Dothan was built with materials purchased at Porter Hardware. This attraction is unique to Dothan and is full of stories about our little corner of the world.

What better way to celebrate our area’s rich history in agriculture, music, movies, and peanuts than by painting it on the sides of our most historic buildings in Downtown Dothan? Beginning with the Peanut Mural on the side of Liddon Furniture in the Dothan Civic Center parking lot, these murals have been a loved attraction in Dothan for years. The best way to tour the murals is walking the downtown streets on a beautiful southern day. # MURALS OF THE WIREGRASS

## WHY MURALS?

In 1992, most of the shops and businesses had moved out of Downtown Dothan in favor of Ross Clark Circle's busy traffic. While business migration is not a bad thing, it left downtown quiet. A small group of citizens created the Wiregrass Festival of Murals Board and began the process of bringing downtown back to its beautiful aesthetic on the historic buildings left vacant.

It was only natural that the first mural would be the Salute to the Peanut Industry, painted on the side of Liddon Furniture, one of the original downtown stores owned by the Liddon family since 1929. The mural features the progression of the peanut industry in the Wiregrass area, beginning with Dr. George Washington Carver at the very first National Peanut Festival, followed by the "old way" of peanut farming to the "new way" with modern farming equipment, to the present-day National Peanut Festival, held every year in November.

The mural was a hit. People were coming back downtown to see the art that seemed to be alive on the side of an old brick building. With that same enthusiasm, the Wiregrass Festival of Murals Board commissioned more murals - hometown legend and Hollywood actor Johnny Mack Brown, Creek Indian Chief Eufaula, early settlers, industries like mules, turpentine, railroad, and cotton, and Tribute To Tuskegee Airman Sherman Rose.

As of this publication, there are nineteen murals total, including a hidden mural inside the Dothan Opera House. The murals cover an eight-block pathway through Downtown Dothan, and travelers come from all over to see the Mural City of Alabama. More murals are being planned, with the most recent painting a depiction of Wildlife in the Wiregrass wrapping the corner of Bob Woodall Air Care Systems on North Foster Street.

## WHAT'S THE BEST WAY TO SEE THE MURALS?

By walking, of course! Take advantage of Dothan's beautiful weather by parking your car on St. Andrews or Foster Street and follow the map on the next page. Choose to see only a few or adventure out to see them all! Each mural is painstakingly detailed by the talented artists who painted them. The murals are the perfect way to learn Dothan's history and to experience Downtown Dothan.

# PEANUTS AROUND TOWN

## WHAT'S THE BIG DEAL WITH PEANUTS IN DOTHAN ANYWAY?

Peanuts haven't always ruled the soil in our part of the world. At one time, it was all about King Cotton. Unfortunately by the 1920s, the boll weevil had taken over most of the cotton fields in the South, and farmers were left with destroyed fields and empty pockets heading into the Great Depression.

Enter Dr. George Washington Carver who, during his time as a professor of agriculture at Tuskegee University, had discovered over 300 uses for the peanut. He found that peanuts were not just tasty, but their oils were conducive to cooking, cosmetics, and pharmaceuticals. He also introduced field rotation to area farmers, showing that fields can be exhausted by continual planting. Luckily for the Wiregrass, the sandy soil on the farm lands was the perfect growing environment for shallow peanut plants.

Peanuts quickly revitalized farming around Dothan, and in present-day, 50% of the world's peanuts are grown within a 100-mile radius of Dothan. If you're eating a jar of peanut butter, chances are that you are consuming peanuts grown by Dothan area farmers. And no, peanuts are not a nut! They are members of the legume family, more related to the pea than the nut.

In the end, we have the boll weevil to thank for our booming agricultural economy in Dothan. So much so that our neighbors to the east in Enterprise raised a statue in honor of the boll weevil in the center of their downtown. But mostly, we have Dr. Carver to thank, which is why you'll find him forever honored on murals and in museums in Dothan.

## WHAT ABOUT THE PEANUT STATUES ALL AROUND TOWN?

What began as a fundraiser for the revitalization of Downtown Dothan has morphed into a city-wide public art project. Businesses purchase fiberglass peanut statues from locally owned Replica Plastics, and design them with significance to their business. You'll find Dothan legends, kangaroos, armadillos, chefs, superheroes, doctors, dogs, and even a giant chicken. As of this publication, there are 77 Peanuts Around Town, and more are being added daily. We dare you to find a more unique city signature than the Dothan Peanuts Around Town.

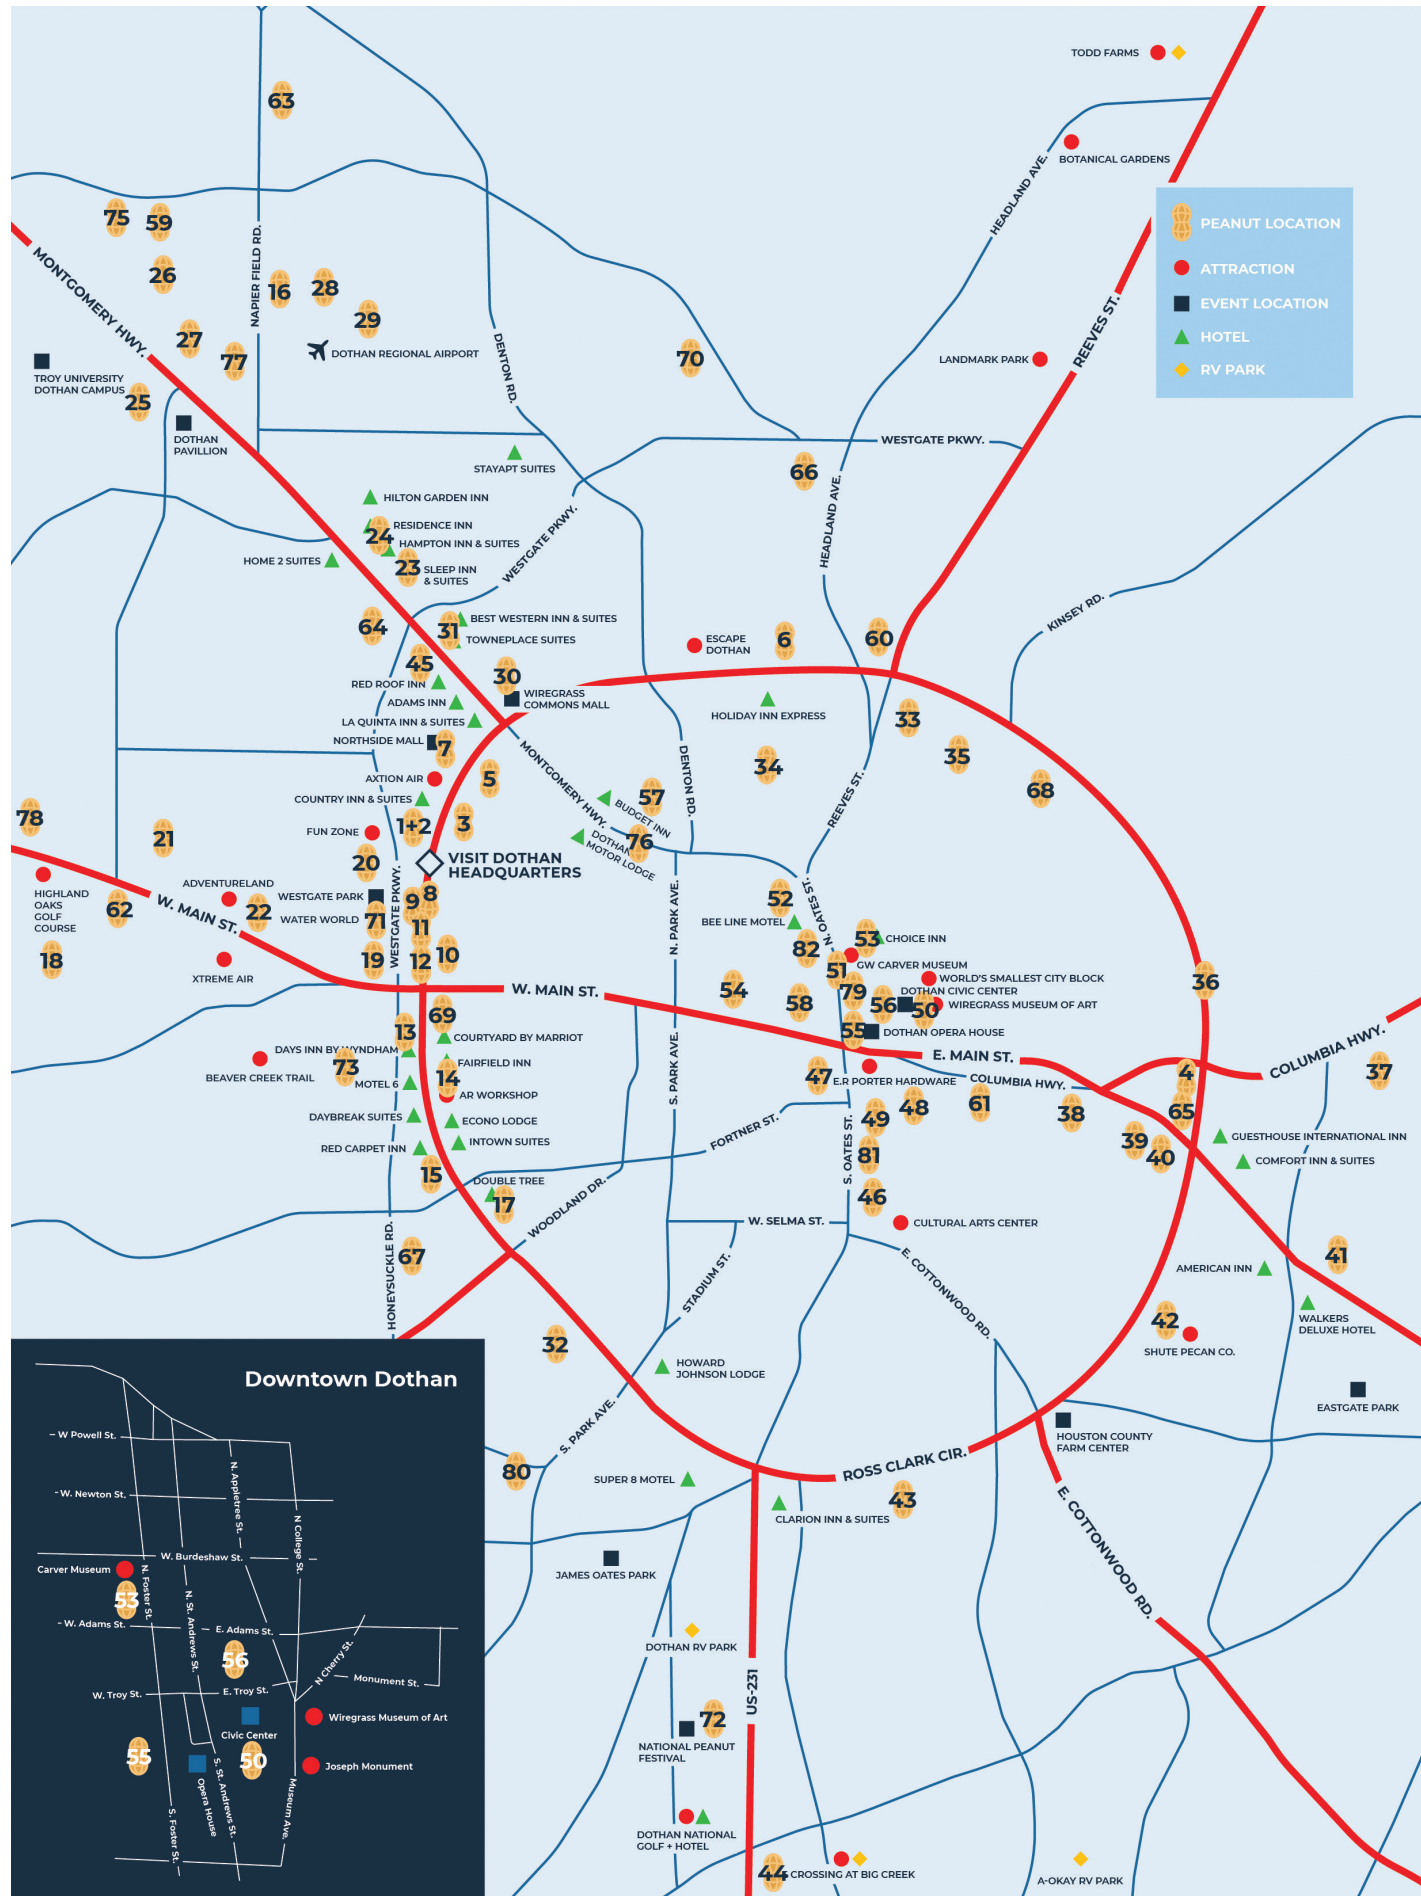

You'll need a vehicle for this scavenger hunt as the peanuts spread (pun intended) all over town. Take the map on the next page and see if you can find them all! This is a great activity to learn your way around Dothan or to get the kids out of the house on a school holiday.

I've had the Basketcase for 34 years and took over the Poplar Head Farmers Market about 13 years ago. We keep improving on it every year. We are the 3rd or 4th most productive market in Alabama, making us one of the 35 gold seal markets in the state. I'm trying to provide the most opportunities for our farmers. In the future, via our website, we'll put city and country in communication by connecting local restaurants with area farmers for a true farm to table experience.

The Carver Museum

The Carver, in my opinion, means expression for everybody, but mainly the African American community. The Carver also means connection, a place where everybody brings something different to the table. The agricultural piece is where my heart is and that's what Mr. Carver was about. When we talk about sustainability, having access to better food sources, I'm interested in how we can make that for ourselves in Dothan. That is my goal working here at the Carver and I'm thankful for this opportunity.

Visitor Musts:

- Drive the rural, dirt roads
- Eat good local food
- Walk around and enjoy downtown at night for a good energy vibe

All Zones Fast Pitch Academy

 allzonesfastpitch

 allzonesfastpitch

I came here in 2008 from Australia and was the pitching coach at Troy until 2014 when I set up All Zones Fast Pitch Academy. We offer lessons in all aspects of the game for ages 7 through college. Last year, I helped bring the Australian National Softball team to Dothan to host a clinic for local softball players and play a game with Wiregrass All-Stars before Australia competed in the World Games. Around 2500 people came to the game and we raised around \$3,000 for local animal shelters. The Australian team was blown away by the hospitality of the South and would love to return to Dothan in the near future.

Visitor Musts:

What makes Dothan special to me is the people there, the Southern hospitality. That's what people from all over the country enjoy when they come to Dothan, Alabama, the red carpet is rolled out and they're treated great, everywhere they go. BMX is one of those events where when people go, they want to go back and word spreads because of how well they're treated while they're in Dothan. Our first time in Dothan in 2016, we had 500 riders, and our last time in Dothan we had over 1100 new riders. We look forward to many more years to come.
